*I would like to share my experience and you can quote me on that!*

It is said that even the very best at their craft has a coach. That's why I hired Archna Patel to be mine.

My challenge was focus and prioritizing my goals. After a few short weeks she helped me create a list of projects and action steps to move toward success.

Her background in systems analysis makes her especially gifted in guiding me forward.

Archna has gotten me doing things that I have been putting off for years. I feel much more in charge of my destiny with her help.

A handwritten signature in black ink, appearing to read "James S. Hovey". The signature is fluid and cursive, written over the printed name and phone number.
